THE BANJETTE.

(Patent Applied For.)

THE LATEST IN THE BANJO LINE.

Calf Head, 18 inch Black Walnut Neck, Raised Frets, Inlaid Position Dots, Bell Metal Sounding Plate.

This instrument can be tuned one octave higher than the regular Banjo, and for that reason, as well as fo its sharp and shrill tone, should be the leading one in Banjo Clubs.

An entire new departure in the Banjo line. The bell metal sounding plate has the great advantage c increasing the volume of tone. The appearance is neat and unique.
